

REMARKS/ARGUMENTS

Currently in the case, after amendment, claims 1,2,4 & 5 are allowed with claim 3 being rejected.

This Amendment responds to the aforementioned Office Action, wherein the claims as originally presented were rejected under Title 35 of United States Code, §112. The Examiner's remarks have been carefully considered and, in view of the cited art, the claims which have amended to more particularly point out the distinctly claimed what Applicants regard as the subject matter of this present invention, it is sincerely believed that the claims which remain in the instant case patentably distinguish over all the prior art references. It is respectfully requested that this Application be re-examined in view of the following remarks, that the rejections be withdrawn, and that allowable subject matter be identified.

The points raised by the Examiner in the written office action will be responded to in the order they were discussed by the Examiner in the Office Action.

Under the section headed specification the Examiner notes that the Abstract is over 150 words. A replacement sheet of specification is included with this action at 104 words.

Under the section headed "Drawings", an objection was made regarding the use of reference characters 93 and 97 in the specification. The specification has been amended to correct the errors in the specification. No errors are believed to exist requiring drawings amendments, and the amendments to the specification are believed to meet and overcome the objection.

Next the examiner points out the lack of antecedent basis in claim 3. Claim 3 has been amended to eliminate the lack of basis. In addition, claim 1 has been amended for clarity. Claim 3 is then believed to be in condition for allowance.

The cited references are noted but are not believed to impinge upon the allowability of the claims

The rejections under §112 and the objection to the drawings having been explained, met and overcome, claims 1 - 5 are currently in condition for allowance, and an indication of such is respectfully solicited.

Applicant requests reconsideration and ultimate allowability of all aspects of the case, including all of claims 1 - 5.

The Examiner is invited to telephone Applicant's Attorney at the number below between the hours of 1:00 p.m. and 6:00 p.m. Eastern Standard Time, if such will advance this case.
